or else WHAT IS ON in BRNO in FEBRUARY

Inspiration to enjoy Life fully that was created by your VETUNI COORDINATORS = **BUDDY** + **ERASMUS**

We wish you a meaningful year 2022 and above all healthy 365 days!

In 2022 we all celebrate the **#EuropeanYearOfYouth** and the 35 years of **#ErasmusPlus** programme. The city of Brno in this year commemorates Johann Gregor Mendel the scientist of world importance and a protagonist of the of quality education being able to build a better future. Whenever there is a chance to complete something and an opportunity to start anything new, people love rites. One of many traditional rites is to have a special drink to get refreshed – so you, mobilty people, are invited to join to one of the most beautiful wine cellar in the town of Brno at Hlinky Street. This wine cellar belongs to Moravian Bank of Wine. Brno used to be the capital of wine in medieval times and there are vineyards in the city now as well. You will open the door of Brno underground and sip a glass of Moravian innovative non-alcoholic wine too. Meet your coordinator on Friday, **February 18 at 5 p.m. at Hlinky number 106**. How to get there? - easily: take the tram number 1 to Pisarky, do not forget to signal you wish to stop and get out at stop named G2 Fairground. Rewine cheers!
